

ACK Wok Range

The ACK Wok Range is widely available at Chinese grocery stores and Oriental supermarkets, please contact us for further information and wholesale order details.

King' Wok 鑊皇

Heavy weight wok range

Heavy weight carbon steel round bottomed woks, suitable for commercial restaurant usage and also at home on domestic cookers. Unique patented ACK design featuring a curved rim to prevent drips around the outside of the wok. Also a base stabiliser to stop the wok slipping forward causing spills on to the cooker surface. Durable construction with a reinforced welded handle. Easy to clean and hygienic. Hardwood varnished handle that is coated specifically for keeping a comfortable grip over longer periods of use. The handle has an ACK brand stamp.

✓ Can also be used on ACK induction wok cookers

Diameter	Shape	Code	Price
13"	Round	4300	£11.70
14"	Round	4305	£14.00

Queen' Wok 鑊后

Light weight wok range

Light weight carbon steel round bottomed woks, suitable for commercial restaurant usage and also at home on domestic cookers. Unique patented ACK design featuring a curved rim to prevent drips around the outside of the wok. Also a base stabiliser to stop the wok slipping forward causing spills on to the cooker surface. Durable construction with a reinforced stud welded handle. Easy to clean and hygienic. Hardwood varnished handle that is coated specifically for keeping a comfortable grip over longer periods of use. The handle has an ACK brand stamp.

✓ Can also be used on ACK induction wok cookers

Diameter	Shape	Code	Price
