

ACK Wok Range

The ACK Wok Range is widely available at Chinese grocery stores and Oriental supermarkets, please contact us for further

■ 'King' Wok 鑊皇

Heavy weight wok range

Heavy weight carbon steel round bottomed woks, suitable for commercial restaurant usage and also at home on domestic cookers. Unique patented ACK design featuring a curved rim to prevent drips around the outside of the wok. Also a base stabiliser to stop the wok slipping forward causing spills on to the cooker surface. Durable construction with a reinforced welded handle. Easy to clean and hygienic. Hardwood varnished handle that is coated specifically for keeping a comfortable grip over longer periods of use. The handle has an ACK brand stamp.

Diameter	Shape	Code	Price
13"	Round	4300	£13.97
14"	Round	4305	£16.70

✓ Can also be used on ACK induction wok cookers

■ 'Queen' Wok 鑊后

Light weight wok range

Light weight carbon steel round bottomed woks, suitable for commercial restaurant usage and also at home on domestic cookers. Unique patented ACK design featuring a curved rim to prevent drips around the outside of the wok. Also a base stabiliser to stop the wok slipping forward causing spills on to the cooker surface. Durable construction with a reinforced stud welded handle. Easy to clean and hygienic. Hardwood varnished handle that is coated specifically for keeping a comfortable grip over longer periods of use. The handle has an ACK brand stamp.

Diameter	Shape	Code	Price
